Request for Finding a Sister City

- Certified NPO Corporation Chubu Philharmonic Orchestra

Since being established in 2000, Komaki City symphony Orchestra has expanded its activity to promote music culture throughout the Chubu area. Today, the orchestra holds regular performance in Nagoya, Inuyama, and Matsuzaka, and is loved by the local people.

- Komakiyama Takigi Noh

Audiences are invited into the profound world restored in the remains of Nobunaga's home mystically lighted by bonfire.

————Komaki specialty we proud of————

- Fig

Komaki figs are high quality and delicious, a local treat with strong reputation.

Most of the figs grown in the city are a variety called Masui dauphine, which are popular for their juicy and moist flesh.

	<ul style="list-style-type: none">●Shinooka Peaches The red earth on sunny slopes produces large, sweet, peaches, well-known nationwide for their delicious flavor. ●Shrimp-shaped Taro Variety The taro gets its name from the unique curved shape and black vertical stripes that gives it the appearance of shrimp. Production is limited to certain locations because this variety only grows in rich and permeable soil called muck. ●Grapes Grape production began with the cultivation of the eastern area making use of hillocks. Grapes are harvested from August to the end of September, during which many direct sales vineyards are open to the public.
